Fluoride Support Sought

TORONTO (CP) — Canada's family doctors Monday were urged to support flouridation of community water supplies to solve "the appalling problem" of dental disease.

Dr. C. H. M. Williams, head of the periodontics department in the University of Toronto's dental faculty, was addressing nearly 1,000 physicians at the annual scientific convention of the College of General Practice of Canada.

Earlier the doctors heard warnings about the dangers of drugs, especially tranquillizers.

Dr. J. A. L. Gilbert of Edmonton, associate professor of medicine at the University of Alberta, said reactions to new drugs now rank with hepatitis, cirrhosis of the liver and gallstones as a source of jaundice.

"These drugs include those in the ever-expanding field of tranquillizers among which clorpromazine is the most frequently-named offender, and the new psychic energizer impromlazid."

Dr. Emerson Day of New York's Strang Cancer Prevention Clinic estimated early diagnosis could save 6,500 of the 19,800 Canadians dying annually from cancer.

Tourist Quiz Offers Prizes For New Ideas

There's still plenty of time to tell the Chamber of Commerce how to attract more tourists to Victoria and perhaps win a prize at the same time.

Entries in the chamber tourist group's questionnaire contest will be accepted at the Chamber of Commerce office up to midnight, April 30.

Entrants need only answer six questions to compete for a $50 prize for the best answers, plus a special prize valued at $25 for the best answer to the final question.

The six questions are:

1. What do you think is Victoria's chief attraction to tourists? How can this be further developed?
2. What additional sources of interest, amusement and entertainment would you suggest to further improve Victoria as a place to visit?
3. Can you suggest further improvement to existing tourist accommodation and restaurants?
4. Have you any suggestions for improvement in the attitude of sales clerks and other similar groups in Greater Victoria towards the public, including tourists.
5. What can we do as private citizens to make tourists feel more welcome?
6. Should we continue to foster the "Bit of Olde England" atmosphere as a means of attracting more tourists, or what alternative could you suggest that is unique or individual?

Replies should be mailed to the Victoria Chamber of Commerce "Questionnaire," 816 Wharf Street.

Names In the News

GUELPH, Ont. — **Edward Johnson,** 80, a choir boy who became one of North America's greatest tenors, collapsed and died Monday night.

Johnson, father-in-law of **George Drew,** was general manager of the Metropolitan Opera Company from 1935 to 1950.

★ ★ ★

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH today at drug counters everywhere.

HOW YOUR LIVER BILE BREAKS DOWN FAT

Laboratory tests have now proved that liver bile *emulsifies* fat . . . actually *breaks it down.* It is an established medical fact that when liver bile is added to fatty solids, the fat is broken down and forms a smooth, easy-flowing mix.

In your body, precious liver bile helps break down fat the same way. Many foods reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down this fat . . . unblocks it . . . for easier and more complete digestion.

Carter's Little Liver Pills exclusive formula of natural, vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of liver bile needed to break down fat in your body.

So when you feel sluggish, headachy, nervous and need a laxative, get Carter's Little Liver Pills. Remember, Carter's not only relieves irregularity, but actually improves the flow of liver bile needed to break down fat. Only 43¢.

Native Son

Joe Campbell qualifies as something of a rarity in banking circles—he was born, educated and has worked all his life right in Vancouver . . . except for four war-time years with the R.C.A.F. Currently Manager of The Toronto-Dominion Bank Branch at 15th Avenue and Oak Streets, Joe has been with "The Bank" for 21 years. Since retiring from the Air Force reserve, much of Joe's leisure time is taken up equipping his house with extra bedrooms and rumpus rooms for his three children. Personable, and thoroughly experienced, Joe Campbell is another example of the friendly, efficient people you'll find at The Toronto-Dominion Bank near you.

'59 Ford Styleside Six, the Economy Champ, eats up the miles—but not the gas!

Mud, swamp or snow—nothing stops Ford's 4 x 4's

Go more miles per gallon

Every Ford cab has smart, fashion-bright styling and sturdy new upholstery that can take rugged every-day wear and still "look like new." Ford Styleside pickups are handsome inside and out, with an all-welded steel body designed for exceptional strength, good looks and easy loading.

with Canada's most modern, money-saving truck Six

You'll get as much as one day's GAS-FREE driving every week with a new '59 Ford Pickup Six. It's a fact! The Economy Showdown Tests in the U.S.A. proved it. Ford's '59 Pickup Sixes were tested against 5 other leading makes. Ford beat every other make in every type of driving, averaging 25.2% better gas mileage. And Ford builds this same great new gas-saver in Canada. See the '59 Ford Pickup Six now!

Go anywhere

with Canada's lowest-priced 4-wheel drive ½-ton pickups, Six or V-8

Just point a low-priced Ford 4 x 4 across country . . . shift into 4-wheel drive without stopping . . . and get the efficient power of a Ford short-stroke Six or V-8 delivered to all 4 wheels. You'll breeze through the toughest off-road going. And Fords are built to take it —with tough axles and deep-channel frames, plus rubber-cushioned springs and double-acting shock absorbers that smooth out the roughest ground.

SIX or V-8 **FORD TRUCKS COST LESS** less to own . . . less to run . . . last longer, too!
